# Plug Dispenser

## Ear Plug Dispenser

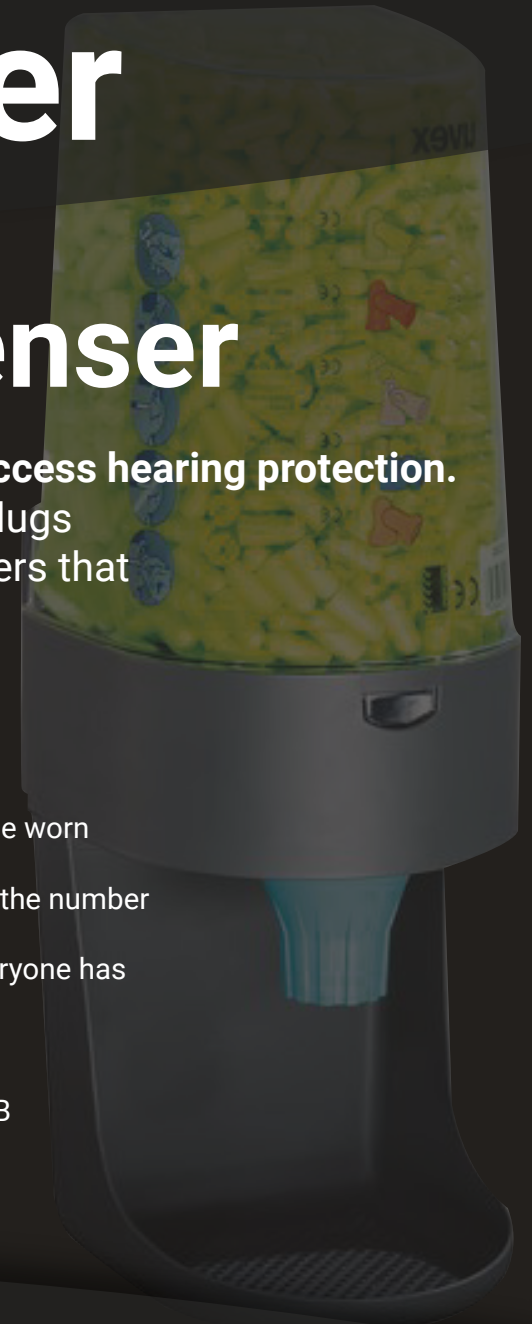

**Dispensers make it easy for workers to access hearing protection.**

- Can be refilled with a range of Uvex earplugs
- Use a dispenser to make it clear to workers that hearing protection is available
- Simply twist to dispense earplugs

**Details:**

- EU Directive 2003/10/EG requires hearing protection to be worn in noisy environments
- Dispenser's transparent design makes it easy to monitor the number of earplugs remaining
- Providing a dispenser for your employees will ensure everyone has access to hearing protection at all times
- Dispenser capacity is 600 pairs of ear plugs
- Four types of refills available
- Can be used with Uvex X-fit - 37 dB or Uvex Xact-fit - 26 dB single-use ear plugs
